## SUMMARY

Aspiring Software and Web Developer with hands-on experience in several projects. Passionate about user-centered design and efficient code. Constantly looking for opportunities to expand my knowledge. Seeking a Junior Software or Web Developer position to contribute and grow within a collaborative team.

## EXPERIENCE

**ASSISTANT BUTLER**

**The Romanos, a Luxury Collection Resort.** Greece | Jun 2024 - Present

- Managed high-profile guest requests with precision and professionalism.
- Improved communication and coordination between departments.
- Enhanced problem-solving and adaptability under pressure

**DOORMAN**

**Mandarin Oriental Costa Navarino.** Greece | Jul 2023 - Oct 2023

- Greeted and assisted guests with professionalism and courtesy, ensuring a welcoming atmosphere in a high-traffic hospitality environment.
- Efficiently handled luggage, coordinated buggy transfers, and managed car parking.

**BELLMAN**

**The Westin Resort Costa Navarino.** Greece | Jul 2022 - Sep 2022

- Delivered exceptional guest services by efficiently managing luggage handling and providing courteous assistance in a fast-paced hospitality environment.

## EDUCATION

**UNDERGRADUATE STUDENT**

**Ionian University Department of Informatics.** Corfu, Greece | Oct 2019 - May 2026

- Worked on individual and team-based software development projects.
- Gained proficiency in languages and tools like Java, C, JavaScript, TypeScript, HTML, CSS, Git etc.
- Developed an understanding of software development life cycles and project management principles.
- Built knowledge of software design and security principles.
- Studied user interface design and usability best practices to create user-friendly experiences.
- Conducted scientific research, wrote research papers, and presented findings clearly.
- Strengthened written and verbal communication skills, including explaining complex ideas effectively.

**HIGH SCHOOL GRADUATE**

**Gargalianoi High School.** Gargalianoi Messinias, Greece | 2016 - 2019
